Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5, 7, 10-14 and 16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Yokoyama et al.(U.S.Pat.6,340,810). Please note that with regard to claims 3, 7, 12, and 16 the method of making a product is a mere product by process step and does not add any structure to the claimed product.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel L. Robinson whose telephone number is 571-272-4788. The examiner can normally be reached on m-f 5:30-2:30.
